PERSONAL STATEMENT

I am a results-driven software developer with over seven years of experience in backend development, system architecture, and technical leadership. Currently, I work as a Principal Software Developer at CometChat, where I specialize in building scalable REST APIs, optimizing system performance, and leading a backend team.

PROFESSIONAL EXPERIENCE

2019 - Present **Principal Software Developer**
CometChat · Mumbai
Developing and maintaining scalable REST APIs to support millions of users.
Leading and mentoring a team of backend developers to enhance productivity and code quality.
Architecting microservices using Node.js and PHP (Lumen) for efficient system performance.
Overseeing database migrations, including MySQL to TiDB, ensuring seamless data transitions.
Integrating ChargeBee for streamlined payment processing and subscription management.
Optimizing Redis caching strategies to enhance chat performance.
Collaborating closely with cross-functional teams to align technical solutions with business goals.
Implemeted Kafka for Events streaming.

2018 - 2019 **PHP Developer**
Annet Technologies Mumbai
Worked on couple of client projects mostly in Laravel and ReactJS.
Added PHPUNIT testcases.
Learnt industry best practices for coding.

EDUCATION

2014 - 2017 **BSC. Information Technology**
St Xavier's College, Mumbai University

2012 - 2014 **HSC in Science**
SIES College, Mumbai University
